

Panther Academy
East Pennsboro High School's Online Learning Program

East Pennsboro Area School District works to provide alternative learning options for our students through an established online curriculum that is both rigorous and accommodating for students.

The web-based courses we offer meet the demand for high-quality student instruction that incorporates rigorous online learning practices while utilizing next-generation software. This online learning program works to address student needs by increasing available learning options using various learning modalities. The Panther Academy connects required learning to purposeful real-world applications that inspires students to learn. Options for Panther Academy include credit recovery, interventions, home-bound, and as an alternative to face to face instruction.

Students enrolled in Panther Academy remain East Pennsboro Area High School students and still have access to all EPHS activities, sports, and our graduation ceremony. Panther Academy students receive EPHS report cards, transcripts, and diplomas.

Our program requires weekly check-ins with the student and our Panther Academy advisor in addition to the online teacher support provided by the coursework vendors we utilize. Our weekly check-ins are in place to assist students in staying on pace to complete coursework on time.

Panther Academy is only available for full time students and summer school (credit recovery upon school counselor and school administration discretion and guidance). Supplemental enrollment exceptions will only be made as needed to fulfill accommodations pertaining to 504 plans, IEPs, GIEPs, and medical necessities on a case by case basis at the discretion of school administration.
