

PAY-TO-PARTICIPATE FEE

June 1, 2018

Dear EPASD Student-Athletes and Parents,

The East Pennsboro Board of Directors has instituted a fee associated with extra-curricular programs that are conducted at a cost to the District. The fee for the 2018-2019 School Year for Athletics is **\$27 per sport, per athlete**. Those who can produce District documentation confirming free or reduced lunch are assessed \$0 and \$11 respectively. There are also fees for activities that vary depending upon the tier into which they fall. The maximum per student charge for the school year is set at \$100, while the family maximum is set at \$200. While we will do everything possible to track these costs, we ask that you inform us when you approach the maximum so that we do not overcharge you.

Fees are payable by cash or check and will be accepted by the Athletic Office as physical forms are submitted. ***Please make checks payable to 'EPASD'***.

To expedite the collection of fees and verification of all PIAA and District requirements, we have instituted 'Sports Enrollment Dates' for athletics. This date is two-weeks prior to the beginning of the PIAA defined fall sports season, and one-week prior to the beginning of the PIAA defined winter and spring sports seasons. All Physical Exams, ImPACT Test results, Signed Forms, and Fees are due by the "Enrollment Date". Student-athletes who do not meet those dates will be ineligible for the 1st day of official practice.

Any athlete who either decides to discontinue participation within the first week of try-outs, or does not make the team after one week of participation, may either receive a refund or apply the fee paid toward another sport or activity later in the school year.

Sincerely,

Chris Skaugen
Director of Athletics & Activities
